Trial of labour after Caesarean (TOLAC) in hospitals where there are no on site theatre, anaesthetic or paediatric staff out of hours

We are seeking thoughts and submissions from anyone about the above practices within Western Australia.

There are a lot of issues to think about and we do not want to influence thought processes upon this issue so.....would you please email any of the three team members with ideas and experiences at your unit and what you think would consolidate or improve the service. We will not be publishing individual comments but more to collate ideas / experiences and views to support a potential statewide approach to the issue.

Registrar Fellowship Position with Health Networks

The program is designed to develop the research capability of registrars employed by Health Service Providers and provides the opportunity for them to establish a research career. Registrar Research Fellowships are being made available for the 2019 registrar year. The Fellow must be concurrently employed as a registrar in a Health Service Provider institution. Applications are submitted via MedJobsWA (<https://medjobswa.mercury.com.au>). The Job Reference Number is 10464 with the Position Title 'Registrar Research Fellowship 2019'. For further information contact the Research Development Unit via email ResearchDevelopment@health.wa.gov.au or phone 9222 2069.

Perinatal Mental Health and WA

There are two significant units in Western Australia focusing on perinatal mental health[Mothers and Babys Unit KEMH](#) and ...[the Mother and Baby Mental Health Unit at Fiona Stanley](#)
