

NATIONAL BOWELCANCER

SCREENING PROGRAM

DID YOU KNOW...

...only 40% of Western Australians are taking part in bowel screening?

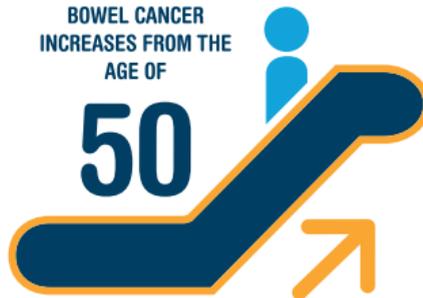

A simple bowel test could save your life.

BECAUSE IT CAN
DETECT BOWEL CANCER BEFORE
SYMPTOMS APPEAR

THE CHANCE OF GETTING
BOWEL CANCER
INCREASES FROM THE
AGE OF

50

PEOPLE AGED

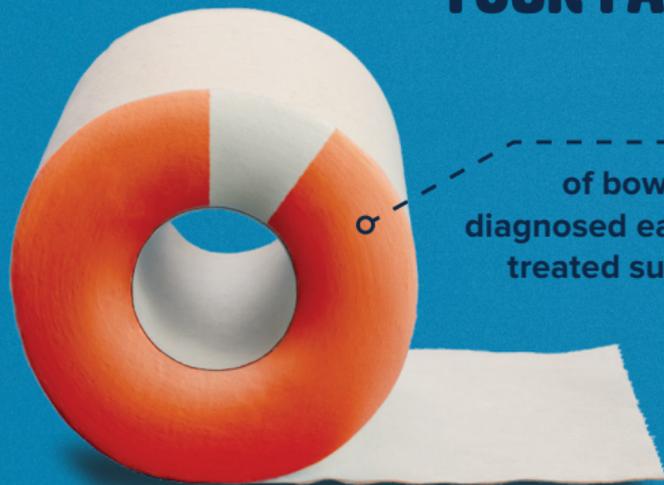

50-74

WILL BE SENT
A FREE KIT IN THE MAIL
EVERY TWO YEARS

**TAKE THE TEST.
THE ODDS ARE IN
YOUR FAVOUR.**

90%

of bowel cancers
diagnosed early can be
treated successfully.

If you're aged 50-74, look out for your
free kit in the mail.

For more information about the Program
and to check when your kit is due visit

www.health.gov.au/nbcsp

Or call 1800 627 701.
